Quick Estimate Form for Heating and Snow Melt

In order to provide a preliminary estimate of Uponor materials, Uponor's Technical Services must first gather and assess standard spacing information.

The Quick Estimate Form is used to provide preliminary quotes only. For detailed quotes and designs, a thorough building analysis including heat loss must be performed.

This form does not include design criteria for determining water temperatures, sizing the heat source, circulators, zoning or other heating components.

This Quick Estimate Form is based on square footage and installation method and is not a substitute for a complete materials list.

Note: In residential applications only, each floor component is considered a separate water temperature as it relates to the reset control selection.

Uponor Technical Services requires the following information in order to provide a Quick Estimate for Heating and Snow Melt. For a complete design and materials list and additional design forms, please contact Uponor Technical Services at (888) 594-7726 or technical.services@uponor-usa.com. Please fax completed sheets to Uponor Technical Services at (952) 891-1115.

Phone Number: **Fax Number:**

Application:	☐ RFH Residential	☐ RFH Commercial	☐ Floor Warming	☐ Snow Melt	☐ Permafrost
Not to Exceed:	**(3,000 sq. ft.)**	**(10,000 sq. ft.)**	**(3,000 sq. ft.)**	**(10,000 sq. ft.)**	**(20,000 sq. ft.)**

☐ **Uponor Outdoor Reset Control**

Please check applicable items:

☐ **Basement** **Square Feet of Radiant Area**_____

Number of Zones:_____

- ☐ Embedded
- ☐ Quik Trak® (**Note**: Quik Trak over a concrete slab requires a minimum ⅝" plywood underlayment)
- ☐ Radiant Ceiling (Single-groove heat emission plates)

☐ **First Floor** **Square Feet of Radiant Area**_____

Number of Zones:_____

☐ Embedded	☐ Joist Heating:	☐ Radiant Ceiling
☐ Concrete Overpour	☐ PEX Clips	☐ Radiant Wall
☐ Quik Trak	☐ Joist Trak™ Plates	☐ Heat Emission Plates

Quick Estimate Form for Heating and Snow Melt

☐ **Second Floor** **Square Feet of Radiant Area**_____

Number of Zones:_____

☐ Embedded ☐ Joist Heating: ☐ Radiant Ceiling

☐ Concrete Overpour ☐ PEX Clips ☐ Radiant Wall

☐ Quik Trak ☐ Joist Trak Plates ☐ Heat Emission Plates

☐ **Garage / Other:**_____ **Square Feet of Radiant Area**_____

Number of Zones:_____

☐ Embedded ☐ Joist Heating: ☐ Radiant Ceiling

☐ Concrete Overpour ☐ PEX Clips ☐ Radiant Wall

☐ Quik Trak ☐ Joist Trak Plates ☐ Heat Emission Plates

☐ **Snow Melt** **Square Feet of Radiant Area**_____

☐ ⅝" Wirsbo hePEX™ plus tubing ☐ ¾" Wirsbo hePEX plus tubing ☐ 1" Wirsbo hePEX plus tubing
