

A photograph showing a series of parallel pipes (white, red, blue, and grey) mounted on a grey concrete wall. The pipes are supported by a green metal rail with black and yellow clips. The pipes are arranged in a staggered fashion, with some overlapping. The background is a textured grey concrete wall.

## Uponor PEX-a Pipe Support

Provides continuous support of Uponor crosslinked polyethylene (PEX-a) pipe for commercial plumbing and distribution piping applications

## Suspended Piping Application

- Enables hanger spacing similar to that of copper
- Listed for bare-PEX plenum applications up to 3" (ASTM E84)
- Easily insulate around both pipe and PEX-a support
- Available for 1/2", 3/4", 1", 1 1/4", 1 1/2", 2", 2 1/2", 3" and 3 1/2" pipe sizes
