Notwithstanding anything to the contrary in this Limited Warranty, if Uponor determines that any damages to the real property in which an Uponor System installed by an Uponor-certified installer directly resulted from a leak or failure caused by defects in material or workmanship in an Uponor product covered by this Limited Warranty and occurs within the first ten (10) years after the applicable Commencement Date or during the applicable Limited Warranty period, whichever is shorter, and the claimant took reasonable steps to promptly mitigate (i.e., limit or stop) any damage resulting from such failure, then Uponor may at its discretion, reimburse claimant for the reasonable costs of repairing or replacing such damaged real property, including flooring, drywall, painting, and certain other real property damaged by the leak or failure.
